Seizin has made it is so easy to keep track of all of our files. I especially love the tickler system and conversation log. –Marcia G., Esq.

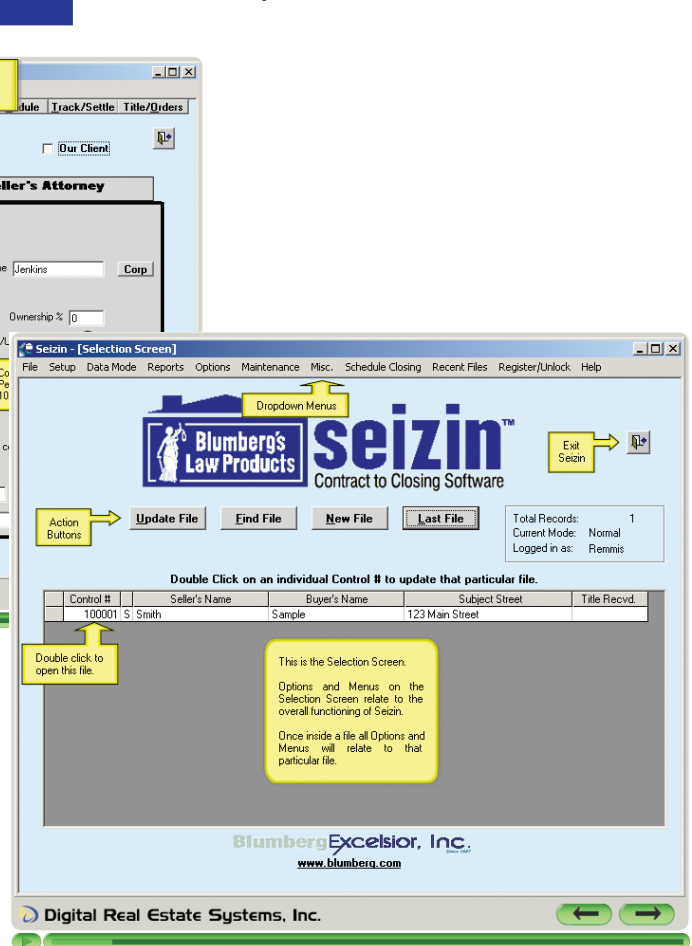

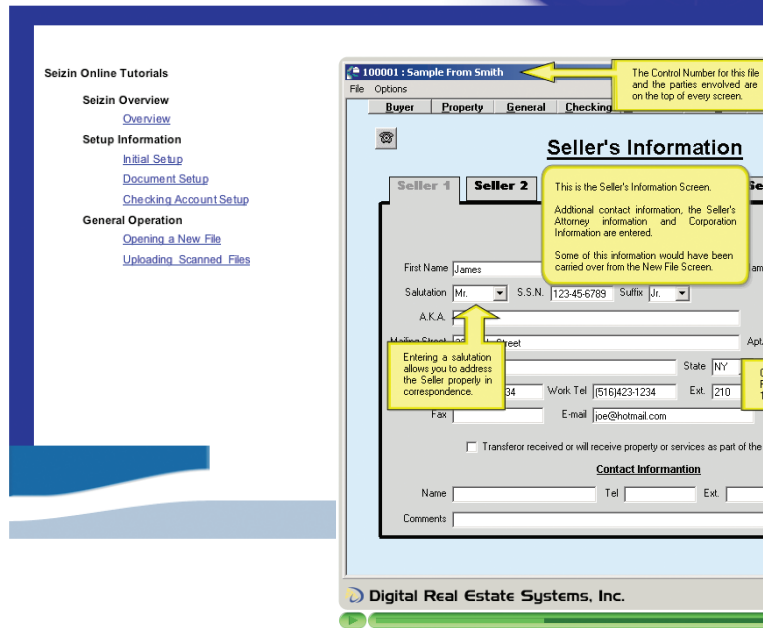

Seizin™ is a complete residential real estate transaction management software system. Seizin reduces the costs of running a residential real estate practice by automating the process from contract to closing. Expect savings in the rapid preparation, transmission and retention of documents, as well as instantaneous availability of critical information at your office or from remote locations.

Seizin auto-fills multiple real estate forms from a database. You input information ONCE and can then create standard or custom real estate documents by simply making a menu selection. You can perform all of these tasks in seconds without costly repetitious input of information. Complete more closings in less time and make more money.

Seizin comes with industry standard contracts of sale, deeds, transfer documents, HUD-1 and HUD-1A Settlement Statements—and many more real estate documents. Seizin uses Word. If you have forms and documents unique to your practice or receive them by email, it's easy to add them to Seizin. A click fills in the form fields from the database. They can be edited as usual. Seizin also allows you to convert the forms to a PDF format before e-mailing.

Seizin Does:

- Document Preparation
- Correspondence
- Title Ordering
- Electronic Document Delivery
- Title Condition Tracking
- Contact Management
- Automated HUD-1 and HUD-1A Settlement Statement
- Attorney Bill Generation
- Check Writing and Reconciliation
- Management Reporting
- Scanning and Archiving
- Conversation Log
- 1099 Reporting
- and Many More Tasks

I created my first custom document yesterday and boy was I surprised how easy it was. Tomorrow I am going to convert all of my form letters so that I can use them in Seizin. —Kimberly P., Esq.

GO PAPERLESS

Isn't it about time that you reduced all that paper? With Seizin's intelligent imaging and archiving feature you can scan all of your files and save them to your computer. Finding and printing a closed file takes only seconds.

TRANSACTION MANAGEMENT

Now you can access the status of all your files at the touch of a button. Keep your finger on the pulse of your business. Instantly proves your file inventory, vendors, referral sources and much more instantly. Seizin also tracks open conditions, conversations and contract dates.

IT'S A MOBILE WORLD

Use our contact manager and client database to send and receive contracts, letters, closing statements and other documents via e-mail. Order title reports and download them directly from your title company into Seizin. Bring Seizin to the closing table on a laptop and you can also, with or without an internet connection, create your HUD-1 or HUD-1A final closing statement and even have Seizin print out your bill.

CHECK WRITING

Use pre-printed or blank check stock to create checks and then reconcile your account in minutes using a standard download from your bank. You can even generate checks at the closing from your laptop!

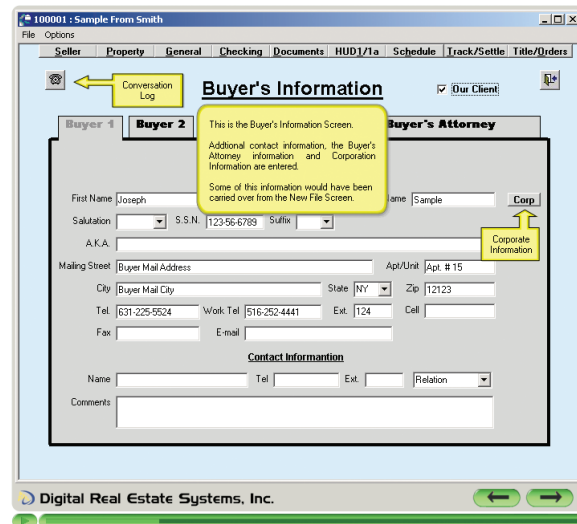

EASY TO LEARN

Seizin was designed by real estate practitioners for real estate practitioners. The intuitive layout is easy to learn and Seizin's features are quickly mastered by even novice users.

TRAINING—ONLINE TUTORIALS

You can get a good idea about Seizin by reading the online drop-down menus and clicking on the button for the tutorial. The tutorial contains a sample file to help you understand the flow of data. This will walk you through the program screen by screen with call outs to explain the functionality of each drop down menu and button, step by step.

*Finally someone has figured it out!
Our firm has been searching for a
long time to find a comprehensive
program to handle our real estate
transactions. Bravo!* —Gerald N., Esq.
