

Objection!®

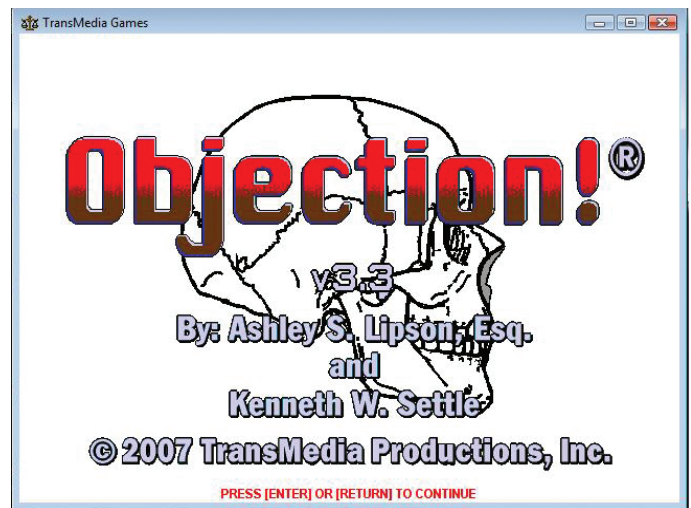

by Transmedia

Make legal education fun!

This witty instructional series drops you smack dab in the middle of a trial, where you must use your skills to accurately object to improper questions. Four different games enhance your trial skills and can earn CLE credits:

- **Objection!**®—you must defend your client accused of killing a Beverly Hills heiress.
- **Civil Objection!**® **Autoneg**—your client has been involved in a nasty auto accident.
- **Civil Objection!**® **Slipfall**—your clumsy client repeatedly injures herself leaving the house.
- **ExpertWitness!**—focuses on expert testimony and your successful direct and cross examination.
- **SivPro**—You will have fun re-learning civil procedure.

Objection games are Hyperlinked to James Publishing's "Is it Admissible?" a quick reference resource for rules of evidence. New Trial Strategy on cassette contains a 3-hour lecture affording you CLE credits.

NEW! SivPro-Civil Procedure game
