

Certified Mail Software version 3.5.2 & Labels

Complete Certified Mail Solution Improves Office Productivity

Our USPS approved Certified Mail solution consists of two parts—software and labels—and enables you to prepare and track Certified Mail faster and more accurately.

FREE! Certified Mail Software 3.5.2

We are now offering the Standard Version of the latest release of our popular Certified Mail Software for free. You can easily download the program at: www.blumberg.com/software. For a disk, order Cat. No. 3086SW, **\$25.00**.

Outstanding features and benefits:

- Prepares the entire Certified Mail piece in the time it takes to type a label.
- Automatically calculates fees (adjustable if rates change).
- Maintains a database that stores addresses and stores multiple label information for future printing.
- Transaction report tracks certified mail. Includes a handy feature for recovering costs.
- Cut and paste address directly into Certified Mail from other programs.
- Print mailer number and bar code.
- Print extra labels with your choice of information.
- Go to USPS tracking site from within program.
- Create a complete Firm Book or a condensed report.
- Use with label 3086.

Certified Mail Labels

Our Certified Mail labels are a model of good design. On one 8½" x 7" sheet you get all the labels you need to send and track a Certified Mail piece. Easily load the sheets into your printer* and the software prints all the fields, mailing piece number, bar code, etc. and maintains the record in a database for subsequent mailings. No need to retype the same information. **Free shipping.**

3086	8½" x 7"	\$70.20	\$154.95	\$467.90

Bar Code Numbered Labels and Word/WordPerfect Templates

Most firms will be better off with the Certified Mail Software. Nonetheless, firms that prefer not to install desktop software for each user may wish to purchase "BCN" Forms (printed with the bar code and number). Print these forms with our template 3086TP. The template is free with your first order or download it for free at www.blumberg.com/software. If you want the template on a disk order Cat. No 3086WS, **\$25.00**.

Certified Mail Form 3087

Large volume senders of Certified Mail that do not require the return post card can save lots of time with Blumberg's Certified Mail Form 3087. Each letter size form has nine certified mail labels (form 3800) and nine small labels with the mailing piece numbers and address details to be affixed to your office file. Use the form with the manifest of certified mail pieces created by our Certified Mail Pro Software. No labels are wasted. If the batch does not contain an exact multiple of 9 pieces, you can use the unused labels on your next batch.
